

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Sinclair Broadcasting's decision to air anti-Kerry propaganda immediately before the election violates this principal and is a violation of their FCC license. I implore the FCC to strongly consider this violation when considering renewal of Sinclair Broadcasting licenses, and, if this anti-Kerry broadcast goes forward as planned, revoke broadcast licenses. I further implore the FCC to officially notify Sinclair Broadcasting of the potential impacts of airing such propaganda under the heading of "news".

Sinclair's actions show why the license renewal process needs to be a more involved process with greater review. Thank you.
